Note: Portfolio is still in process. Examples of work available upon request

ABOUT ME

As a current attendee of the Media Communications program at Humber College, I've been able to attain experience in Photography, Videography, Design, and Social Media Marketing. With said experience, I've honed my expertise in post-production, creating strategic plans, and analyzing data. I am an open minded, outgoing individual looking to build connections with those who would give me the opportunity to learn alongside experienced professionals.

RELEVANT EXPERIENCE

Freelance Photography - Jarchives (January 2023 - Present)

- Proficiency in handling and using a DSLR and mirrorless camera in a variety of environments
